

Bhaskar Lamba

Backend Software Engineer — Java & REST APIs | Production Systems at Scale

+91 9306505417 | bhaskarlamba@gmail.com | linkedin.com/in/bhaskar-lamba-5268391b2

EDUCATION

IIT Kanpur

GPA 8.1/10

Bachelor of Technology, Mechanical Engineering

WORK EXPERIENCE

Senior Software Applications Engineer

Aug'24 – Present

Oracle India Pvt. Ltd.

- Own backend architecture, REST API design, and production reliability for two enterprise-scale talent management systems — **Succession Management** and **Talent Review** — serving **400+ business customers**.
- Independently scoped and delivered **30+ backend features and REST APIs** end-to-end, consistently meeting tight delivery timelines as short as **3–4 days**.
- Designed and built the backend and API layer for a **customer-facing AI agent** on the **Succession Management** product, powering natural-language workflows — succession plan creation, team succession status queries, and criticality analysis.
- Serve as the team's go-to engineer for root-cause analysis and code reviews across a **5-member** team, maintaining high system availability.
- Built and maintained **Docker** images/containers used by the development team for local testing and debugging, standardizing environment setup and reproducibility across the team.

Applications Engineer

Jun'22 – Aug'24

Oracle India Pvt. Ltd.

- Built and maintained **REST APIs and backend services** for the Succession Management and Talent Review enterprise products as part of a cross-functional engineering team.
- Led the migration of **~90%** of the product from a legacy Java-based backend to a modern service architecture, improving system performance for enterprise customers.

Project Intern

Jun'21 – Jul'21

Oracle India Pvt. Ltd.

- Designed and implemented conversation flows within a chatbot to enhance user experience through intuitive interactions across multiple functionalities.
- Utilized **REST APIs** to retrieve and display data within the chat interface, providing users with timely and relevant information.
- Managed chatbot development from inception to completion, including comprehensive documentation, within a challenging **four-week timeline**.
- Recognized for outstanding performance with a **Pre-Placement Offer from Oracle**.

PROJECTS

DistriKV — Distributed Key-Value Store

Go, Docker

- Built a replicated key-value store in **Go** with a leader-follower architecture and synchronous replication across a **3-node cluster**.
- Containerized the cluster with **Docker Compose**; implemented follower-timeout handling and validated failure behavior under manual chaos testing.
- Documented consistency/availability trade-offs and a production hardening path (Raft-based leader election, WAL, key-hash sharding).

My Cricket Heroes

Web Application

Apr'23 – Jun'23

- Collaborated in a team of five to conceptualize and develop the **MyHeroes** application, mirroring platforms like **Dream11** to improve sports engagement.
- Tested the application concept during the **IPL'23 season**, integrating live scores and player statistics for **real-time updates**.
- Steered the design, coding, and launch of the initial version within a **two-week** timeframe.
- Achieved a **75% increase** in user engagement during IPL'23 through live score and player information integration.
- Developed a **fully automated scoring system** for real-time match updates.

TECHNICAL SKILLS

Languages: C, C++, Java, Go, JavaScript, Python, Dart

Backend & APIs: REST APIs, CRUD APIs, Spring Boot, Node.js, MySQL

Systems & Tools: Docker, Git, Postman, Oracle VBS, Android Studio

Web & Mobile: HTML, CSS, React, React Native, Next.js, Firebase

ACHIEVEMENTS

- Secured **AIR-1558** in JEE (Advanced) 2018 among approx. 2 lakh candidates.
- Won IIT Kanpur's **Outstanding Freshman Award** for exceptional performance, given to only **2 students** from the batch.
- Awarded **Institute Silver Medal** for achieving a Gold Medal and breaking the meet record in the Inter-IIT Sports Meet.
- Received **Sports Scholarship** from the Games and Sports Council, IIT Kanpur for two consecutive years.
