WORK EXPERIENCE

Senior Applications Engineer

Oracle India Pvt. Ltd.

Aug'24 – Present

- Spearheading development and management of multiple **REST APIs** crucial for seamless product operation, ensuring high availability and performance.
- Employing the VBS framework to architect user interfaces while implementing **REST APIs** to create dynamic **CRUD pages** that enhance user interaction.
- Orchestrating a migration project that transitioned approximately **90%** of the product from a legacy Java-based system to a modern **HTML and REST-based architecture**.
- **Successfully migrated** the product architecture, increasing performance metrics and user engagement.
- Recognized for outstanding contributions to team projects, significantly enhancing product delivery timelines.
- Promoted to **IC3, Senior Applications Engineer**, in recognition of exceptional performance.

Project Intern

Oracle India Pvt. Ltd.

Jun'21 – Jul'21

- Designed and implemented conversation flows within a chatbot to enhance user experience through intuitive interactions across multiple functionalities.
- Utilized **REST APIs** to retrieve and display data within the chat interface, providing users with timely and relevant information.
- Managed chatbot development from inception to completion, including comprehensive documentation, within a challenging **four-week timeline**.
- Recognized for outstanding performance with a **Pre-Placement Offer from Oracle**.

PROJECTS

Online Fitness Rehab Coaching Platform

Flutter, Firebase, Codex

- Built and deployed a **Flutter/Firebase web app** to streamline **online fitness rehab** and coaching workflows, enabling coaches to send **structured workouts** and collect client feedback.
- Collaborated with **Codex** to rapidly iterate on product features and launched the app live on **Firebase within a single day**.
- Using the platform personally and with other coaches to manage **client workout delivery, feedback loops**, and rehab/coaching operations.

My Cricket Heroes

Apr'23 – Jun'23

Web Application

- Collaborated in a team of five to conceptualize and develop the **MyHeroes** application, mirroring platforms like **Dream11** to improve sports-domain engagement.
- Tested the application concept during the **IPL'23 season**, integrating live scores and player statistics for **real-time updates**.
- Steered design, coding, and launch of the initial version within a **two-week** timeframe.
- Achieved a **75% increase** in user engagement during IPL'23 through live score and player information integration.
- Developed a **fully automated scoring system** for real-time match updates.

EDUCATION

IIT Kanpur

Bachelor of Technology, Mechanical Engineering | GPA 8.1/10

TECHNICAL SKILLS

Computer Languages: C, C++, Java, JavaScript, Python, Dart

Web & Mobile: HTML, CSS, React, React Native, Next.js, Flutter

Backend & Databases: REST APIs, CRUD APIs, Node.js, Spring Boot, MySQL, Firebase

Tools: Oracle VBS, Android Studio, Git, Postman, Codex

ACHIEVEMENTS

- Secured **AIR-1558** in IIT-JEE (Advanced) 2018 among approx. 2 lakh candidates.
- Reached a maximum rating of **1714** on LeetCode.
- Won the **Outstanding Freshman Award** by IIT Kanpur for exceptional all-around performance.
- Awarded **Institute Silver Medal** for achieving a Gold Medal and breaking the meet record in the Inter-IIT Sports Meet.
- Received **Sports Scholarship** from the Games and Sports Council, IIT Kanpur for two consecutive years.
