EDUCATION

IIT Kanpur

GPA 8.1/10

Bachelor of Technology, Mechanical Engineering

WORK EXPERIENCE

Senior Software Applications Engineer

Aug'24 – Present

Oracle India Pvt. Ltd.

- Drive full-stack ownership of two enterprise talent management products — **Succession Management** and **Talent Review** — serving **400+ business customers**, covering UI, backend, and production reliability.
- Independently scoped and delivered **30+ product features** end-to-end, consistently meeting tight delivery timelines as short as **3–4 days**.
- Designed and shipped a **customer-facing AI agent** for the **Succession Management** product, enabling users to perform core workflows — succession plan creation, team succession status queries, and criticality analysis — through natural language, reducing manual navigation overhead.
- Serve as a go-to engineer for production incident resolution, code reviews, and knowledge transfers within a **5-member** team, maintaining high product availability and team alignment.

Applications Engineer

Jun'22 – Aug'24

Oracle India Pvt. Ltd.

- Contributed to feature development across **Succession Management** and **Talent Review** enterprise products, building UI components and **REST APIs** as part of a cross-functional team.
- Orchestrated the migration of **~90%** of the product from a legacy Java-based system to a modern web architecture, reducing page load times by **70%** and modernizing the platform for enterprise customers.

Project Intern

Jun'21 – Jul'21

Oracle India Pvt. Ltd.

- Designed and implemented conversation flows within a chatbot to enhance user experience through intuitive interactions across multiple functionalities.
- Utilized **REST APIs** to retrieve and display data within the chat interface, providing users with timely and relevant information.
- Managed chatbot development from inception to completion, including comprehensive documentation, within a challenging **four-week timeline**.
- Recognized for outstanding performance with a **Pre-Placement Offer from Oracle**.

PROJECTS

Online Fitness Rehab Coaching Platform

Firebase, Codex

- Built and deployed a **Firebase web app** to streamline **online fitness rehab** and coaching workflows, enabling coaches to send **structured workouts** and collect client feedback.
- Collaborated with **Codex** to rapidly iterate on product features and launched the app live on **Firebase within a single day**.
- Use the platform actively with **5 coaches** and **20+ clients** to manage workout delivery, feedback loops, and rehab/coaching operations.

My Cricket Heroes

Web Application

Apr'23 – Jun'23

- Collaborated in a team of five to conceptualize and develop the **MyHeroes** application, mirroring platforms like **Dream11** to improve sports engagement.
- Tested the application concept during the **IPL'23 season**, integrating live scores and player statistics for **real-time updates**.
- Steered the design, coding, and launch of the initial version within a **two-week** timeframe.
- Achieved a **75% increase** in user engagement during IPL'23 through live score and player information integration.
- Developed a **fully automated scoring system** for real-time match updates.

TECHNICAL SKILLS

Programming Languages: C, C++, Java, JavaScript, Python, Dart

Web & Mobile: HTML, CSS, React, React Native, Next.js

Backend & Databases: REST APIs, CRUD APIs, Node.js, Spring Boot, MySQL, Firebase

Tools: Oracle VBS, Android Studio, Git, Postman, Codex

ACHIEVEMENTS

- Secured **AIR-1558** in JEE (Advanced) 2018 among approx. 2 lakh candidates.
- Won IIT Kanpur's **Outstanding Freshman Award** for exceptional performance, given to only **2 students** from the batch.
- Awarded **Institute Silver Medal** for achieving a Gold Medal and breaking the meet record in the Inter-IIT Sports Meet.
- Received **Sports Scholarship** from the Games and Sports Council, IIT Kanpur for two consecutive years.
